

OUR LATEST NEWS

THE DIGITAL REALM GUIDEBOOK IS HERE!

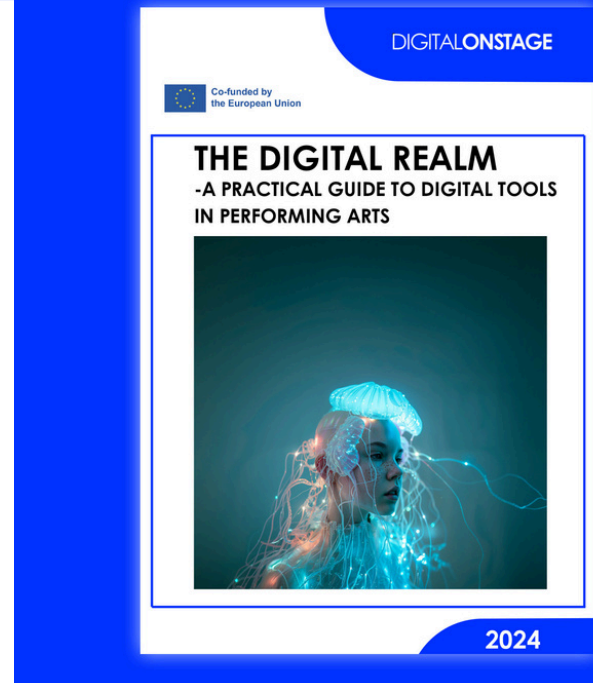

Exciting news from the DIGITAL on STAGE project! We are thrilled to announce the publication of our first major result:

📖 The Digital Realm – A Practical Guide to Digital Tools in Performing Arts!

This guidebook serves as an essential entry point into the world of digital tools in performing arts, offering insights, best practices, and inspiring case studies. Compiling 120 examples from performing arts professionals across Sweden, Greece, Belgium, Spain, Slovenia, and Italy, the guidebook showcases how AR, VR, AI, and other emerging technologies are reshaping theater, dance, music, and beyond.

🔍 What's inside?

- ✅ A collection of innovative digital practices in performing arts
 - ✅ Insights on technology integration for artists & stage professionals
 - ✅ Guidelines and inspiration from industry leaders across Europe
- 📖 The Digital Realm Guidebook is now available! Stay tuned for details on how to access it.

WHAT'S NEXT?

The DIGITAL on STAGE journey continues with exciting developments! We are currently working on:

🎥 Video Tutorials & Lesson Plans – A hands-on series exploring how emerging digital technologies can be practically applied in performing arts.

🌍 Upcoming Mobility Program – A unique opportunity for performing artists! Set to take place in Slovenia in Summer 2025, this program will offer immersive experiences in digital performing arts. Stay tuned for more details!
